Night Attacks On London And Home Counties

LONDON, Nov. 8 (Reuter)—London and Home counties were the areas on which enemy air attacks last night mainly concentrated, says an Air Ministry communique.

A few bombs were also dropped in the Midlands, in a town in South-West England and at widely separated points elsewhere in the country.

TOWER BOMBED

The Tower of London was bombed in a recent raid, it can now be stated.

Another well-known London landmark recently bombed was the Church of St. Clement Denis in the Strand.

CRISIS IN YUGOSLAVIA IMMINENT

ISTANBUL, Nov. 8 (Reuter)—A coming crisis in Yugoslavia is regarded here as indicated following the resignation of the War Minister, M. Reditch, coupled with the bombing of Monastir by foreign planes.

The resignation is being duly discussed in diplomatic circles here.

M. Reditch, it is said, has several times in the past offered his resignation as a protest against the pro-Axis policy in Yugoslavia.

Only last month he was reported to have urged a firmer stand against both Powers and the Italian press attacked him and demanded his resignation.

It is therefore feared in some quarters that the resignation of M. Reditch is intended as a sop to the Axis.

Some usually well-informed quarters here consider that M. Reditch's resignation, together with the bombing of Monastir, must inevitably sharpen the tension in Yugoslavia.

LONDON, Nov. 8 (Reuter)—A new Chinese Seamen's Union is formed in London in association with the International Transport Workers' Federation with the object of obtaining the standardisation of wages and raising bonus for men serving the Allies.

TODAY'S WAR SUMMARY

NOTHING IS KNOWN IN OFFICIAL CIRCLES in London of any agreement in principle have been reached between Britain and the United States regarding bases in the Pacific and kindred subjects. It is pointed out that exchanges of views between the State Department, the Australian Minister and the British Ambassador covered a wide range but it would be wrong to draw the inference that an agreement has been reached.

ENEMY RAIDERS CONCENTRATED MAINLY on London and the Home counties on Thursday night though a few bombs were also dropped in the Midlands and at widely separated points elsewhere in the country.

PROGRESS OF LAND OPERATIONS is reported in a Greek communique which records artillery duels along the whole front and states that on the Epirus front local enemy attacks were repulsed. The Italians bombed Corfu and towns and villages in the interior.

NEW ANTI-AIRCRAFT GUNS, large naval guns and howitzers were included in the huge parade held in Moscow on the occasion of the 23rd anniversary of the Revolution. The Soviet Defence Commissar, in a speech, said that the Red Army was always ready to fulfil its sacred duty.

PRESIDENTIAL ELECTION MUST BE CONSIDERED A TRIUMPH—MR. STEED

"The outcome of the Presidential election must be considered a triumph because it does not abdicate the right of the people to have their say in the management of international affairs," said MR. WICKHAM STEED, the eminent British author-journalist, in the course of a talk from London last night.

"We have had a strange week in London," said Mr. Steed. "One night we were almost free from German raiders and we wondered what had happened to them and to us. A day later we had the longest raid of the war. The noise of the anti-aircraft guns was louder than ever and only the most determined sleepers could have had undisturbed rest."

"We had a feeling, however, that we were no longer the centre of the picture and that the centre of the picture was on the frontiers of Albania and in the United States."

"The Greeks are doing splendidly," went on Mr. Steed, "and we are doing all we can to help them. We might have been able to do more and to have done it earlier if the Greek Government had not been so careful to preserve their neutrality. So careful were they that Hitler and Mussolini thought they could easily dispose of the Greeks when the time was ripe. They were both wrong."

"It will be unfortunate for Hitler and Mussolini if the splendid

resistance of the Greeks has stiffened the attitude of Yugoslavia and the other Balkan States to resist aggression."

GREEKS HAVE DONE IT

"If determination and hatred can influence the course of this war, the Greeks have done it. I have heard personal experience of the Greeks' detestation of Italian methods."

"Mr. Churchill told the House of Commons on Tuesday that we will do our best to give the Greeks all possible help and if public feeling in Britain is any guide, that help will be very considerable as Italy is likely to find out."

"Now that the Italians are helping the Germans to bomb England," continued Mr. Steed, "our people want us to see that Italy is repaid promptly and unflinchingly in the same manner. As Mr. Churchill said, scores of thousands of troops have left this island from month to month and more have been drawn from other parts of the British Empire for service in the Middle East."

"The collapse of France had placed us in an anxious position and until we had worsted Hitler

CO-OPERATION IN PACIFIC: REPORTED AGREEMENT IN PRINCIPLE BETWEEN U.S., BRITAIN AND AUSTRALIA

GREEK SUICIDE SQUADS

ATHENS, Nov. 8 (Reuter)—Tuberculosis sufferers have written to Gen. Metaxas volunteering to form "suicide squads" ready for any sacrifice since they feel themselves "already condemned to death."

KRUPPS WORKS HEAVILY BOMBED

LONDON, Nov. 8 (Reuter)—British bombers struck heavily at the Krupp's armaments and munition works in Essen last night, says an Air Ministry communique.

A large part of the synthetic oil plant at Cologne was set on fire during an attack by other aircraft. A concentrated attack was carried out on the submarine base at Lorient.

LONDON, NOV. 8 (REUTER)—NOTHING IS KNOWN IN OFFICIAL CIRCLES HERE REGARDING A REPORT PUBLISHED TODAY (NOT BY REUTER'S) THAT AN AGREEMENT HAS BEEN REACHED IN PRINCIPLE between the United States, Australia and Britain concerning co-operation in the Pacific.

It is pointed out that for some time there has been an exchange of views between members of the State Department, the Australian Minister, Mr. R. G. Casey, and the British Ambassador, Lord Lothian.

These exchanges were entirely informal and held for the purpose of clarification and it would be quite wrong to describe them in any way as negotiations as no decisions whatsoever had been taken or asked for and no commitments entered into.

These exchanges covered a wide range but it would be wrong to say that any agreement had been reached.

PURCHASE OF 63 SHIPS

NEW YORK, Nov. 8 (Reuter)—Britain may buy all or part of the 63 ships owned by the United States Maritime Commission, according to a Washington report published in the NEW YORK TIMES, which adds that negotiations in connexion therewith are now in progress.

GIBRALTAR NOW AN ISLAND, REPORT

LONDON, Nov. 8 (Reuter)—Gibraltar has been converted into an island by the construction of a canal across the isthmus joining the Rock to the mainland according to reports from Rome.

This news, if true, is of much greater significance than would at first appear.

A NUISANCE

Hitherto, the islands have been regarded as a nuisance from the strategic point of view but the highly mechanised German divisions have showed themselves as an almost insuperable aggressive force on the mainland.

Valera Will Not Grant Naval Bases On The West Coast Of Ireland

Speaking in the Dail yesterday, Mr. Eamon de Valera, Prime Minister of the Irish Free State, declined to grant naval bases on the west coast of Ireland to any of the belligerents in the present war.

Mr. de Valera did not suggest that the United Kingdom Government had made any definite request.

The occasion for the declaration was the statement made by Mr. Churchill to the last of the renewal of the U-boat campaign.

Mr. Churchill said: "The fact that we cannot use the south and west coast of Ireland has imposed a grievous burden upon us."

Mr. de Valera said that he was prepared to take this as a natural expression of regret, but he went on to say that as long as Eire remained neutral, there can be no leasing of any ports and that any pressure applied by any of the belligerents to obtain this would only lead to bloodshed.

WOULD BE BOMBED
Mr. de Valera hinted that what

Scheme For Control Of Immigration Into Colony: Questioning Of Persons

A scheme for the control of immigration into Hongkong has now been drawn up by the Government and is published below. The main feature of the scheme is the issuing of documents which will be valid for re-entry into the Colony.

The scheme is based on Ordinance No. 8 of 1934 (Immigration and Passports), and on the report of the Excess Population Reduction Committee.

It provides for the interrogation of each person coming from outside the Colony and arriving by steamer, junk, aeroplane and ferry, and for the rejection of persons who are considered undesirable.

There is no provision for any quota of immigrants in the scheme. Complete control will rest with the Governor in Council and conditions of entry to persons without valid documents of entry can be made more strict at any time to suit circumstances. Pressure can also be brought to bear on any class of traffic, whether by steamer, (river or ocean going), junk or ferry, whenever Government considers it necessary to do so. Similarly conditions can be relaxed.

In fixing the fees and types of permits the following classes of persons have been kept in mind:—
(a) The genuine small trader who is a valuable economic asset to the Colony; (b) The peasant and the fisherman who live on the border or in nearby territory and are in the habit of paying frequent visits for trading purposes to the Colony; (c) The local resident who wishes to visit his relative or wants his relative to visit him with the minimum amount of trouble.

THE SCHEME

The scheme is one of issuing documents which will be valid for re-entry into the Colony. Each of these will have a period of validity and the document can be used for

any number of journeys during this period. The documents issued will be of three kinds—Entry permits, Certificates of residence and Frontier passes.
Entry permits—These will be of two kinds; the first will cost \$2 and will be valid for 6 months and the second will cost \$6 and will be valid for two years.
The permit will be stamped whenever the holder enters the Colony and can be surrendered when it lapses. Ordinarily a new certificate will be issued without further enquiry on payment of a further fee.
Permits will be issued to the following:—
(a) Local residents wishing to leave Hongkong for any purpose and for a limited period; (b) Intending visitors on business or pleasure who can either make a written application themselves to the Immigration Officer or who can ask a local resident (friend or relative) to apply on their behalf; (c) Persons arriving at a point of entry into the Colony, either on the land frontier or in the harbour, without having made any previous application. Such persons will be subject to strict enquiry and may be refused admission.

PUBLIC WARNED

The public is warned to be aware of men posing as employees of the Hongkong Electric Co., Ltd., who enter houses on the pretext of examining the electric meters but actually for the purpose of larceny.

Two cases of this nature have been reported to the Police, one in Hongkong and the other on the mainland.

SERIES OF CHARITY FOOTBALL MATCHES

Special To The H.K. Daily Press
It is reliably learned that a movement is afoot to organise a series of football matches between South China, Eastern and Sing Tao in aid of the wounded soldiers in China.

The sponsor of this movement, it is understood, is Madame Sun Yat-sen while others mentioned in connexion with the organisation are Adml. Chan Chak, Mr. Yu Hung-kwan, ex-mayor of Shanghai, and Mr. Au Yeung-kui, former Commissioner of Police in Canton.

FULLY DISCUSSED
The last three-mentioned are entertaining representatives of the three clubs concerned at luncheon at the Cafe de Chine today when the matter will be fully discussed. It is proposed that should this organisation materialise, as two of the Chinese clubs are usually "free" on Sunday, the games will be played in the morning so that there will be no interference with the league programme. This series will probably start at the beginning of next month.

KOWLOON v. SING TAO

Kowloon will entertain Sing Tao and though they will have the advantage of ground the Chinese should register a comfortable victory, while Middlesex should account for Club at Sookunpoo but should not take things easily in view of the good form shown by the latter last week.

Tomorrow's programme comprises two matches, Royal Scots meeting the Police at Sookunpoo while St. Joseph's will oppose South China. The Scots and South China should gather full points.

EASTERN: Lau Hin-hon; Kong Sin-king, Woo Chi-sang; S. I. Liu, Hsu King-sing, Lo Wai-kuen; Chung Yung-sum, Cheung Kam-hoi or Yu Hop-hing, V. K. Hui, C. T. Tsao and Hau Ching-to.

FULL PROGRAMME FOR SUNDAY

The Association Hockey Tournament fixtures for this Sunday have been revised, and there will now be seven games to be played, two in the morning and five in the afternoon.

Special \$1 Sweep Feature Of Macao Meet

MERRY FATTY FOR OPENING SPRINT?

BY "LAST QUARTER"

With promises of ideal weather for the week-end and the Armistice Day holiday on Monday, racing enthusiasts will undoubtedly grasp the opportunity to visit the Portuguese Colony for the Nov. Race Meeting of the Macao Jockey Club, which will be held at the Arca Preta Course tomorrow afternoon.

There are six handicap events down for decision and though in two events the entries number only three or four, the remaining items on the programme should have sufficient starters to make the meeting an interesting one.

The Stewards are conducting a Special \$1 Cash Sweep on the Tongkawan Handicap, the last event of the meeting, and sales are limited to 50,000 tickets. Should this number be disposed of the first prize will be worth approximately \$24,000.

It is anticipated that the majority of the Hongkong jockeys will be making the trip to Macao, though Mr. H. C. Pih will be absent, having left the Colony for Shanghai on personal business earlier this week.

VICTORIA HANDICAP

Of the four entries for this opening event over six furlongs, Merry Fatty seems the probable winner, though Shih-Yin-Grand is dangerous, as he can easily account for the field if he only makes up

his mind to have a real go at the race. Couteur Bleu should secure the remaining place.

REPUBLICAN HANDICAP (1ST SECTION)

A very good race should be witnessed here and there is little to choose between Ascot Vale and Lucky Eleven. Both ponies are fit and sure to make a good fight of it at the finish. Arabian Cat is not entirely out of the reckoning and should be very near especially if an experienced and strong jockey is in the saddle. Dekko and Geordie are good outsiders to invest on.

REPUBLICAN HANDICAP (2ND SECTION)

King's Envoy and Sunshine Susie appeal to me as the best ones in this six furlong sprint. Gallant Marshal and National Anthem are good bets with Old Fashioned as the outsider for "big money."

REPUBLICAN HANDICAP (3RD SECTION)

The ones that should finish prominently here are The Mermald, Sports Venture and Cuban Love. These three are all good sprinters and a great deal will depend on the luck of the race and the start. A very good outside bet is High Tower.

KUO HUA HANDICAP

I would suggest punters follow the strongest jockey in this mile race as all the three entries are evenly matched. However, I think Jack O'Lantern will be first home followed by the Tigress and Hurricane.

TONGKAWAN HANDICAP

This is the race on which the Special \$1 Sweep will be drawn and it is to be run over nine furlongs.

"IT'S A DATE"

Colourful Setting Of
New Durbin Film

A grown-up Deanna Durbin will make it seven straight hits when her newest film, "It's a Date," opens tomorrow at the Majestic Theatre.
It has the most colourful setting—Hawaii—in which the star "has ever appeared, its comedy rates with the funniest ever screened and its romance is as poignant as the most successful hit-makers in Hollywood can produce.
One of the star's finest supporting casts shares credit for her latest triumph, Kay Francis, as Deanna's mother, a famous and glamorous actress, returns to high favour with an excellent performance and Walter Pidgeon, as romantic interest for both Deanna and Kay, has perhaps the most successful role of his career.
Lewis Howard—stands out as Deanna's boy-friend; Eugene Pallette, has another great comedy role as the governor of Hawaii; Samuel S. Hinds, Cecilia Loftus, Fritz Feld and Henry Stephenson are also outstanding in support. A definite "find" is S. Z. Sakall, Hungarian actor seen as a play-wright.
Harry Owens and his famous Royal Hawaiians contribute to the musical fun, which is the most successful blend of popular and classical music of any Deanna Durbin picture.

GIFTS FOR WAR EFFORT FROM FAR AND NEAR

Unique Tribute To Prowess Of Fighter Pilots

LONDON, Nov. 8 (BWS and Reuter).—From the city and village gifts towards the war effort continue to pour in. While Edinburgh War Weapons Week has realised approximately £5,000,000, the little Devonshire village of Saunton, near Barnstaple, has made a contribution in its way as noteworthy to the same cause.

WASHINGTON AND THE NEW ADMINISTRATION

MR. CORDELL HULL IS CAUTIOUS

WASHINGTON, Nov. 8 (Reuter).—Washington is a ready humming with rumours concerning the new administration which will come into office in January.

It is expected that all members of the Cabinet will in due course follow the example set by Mr. Harold Ickes, Secretary of the Interior, who announced his resignation earlier.

Much interest is focussed on the State Department. Mr. Cordell Hull, the present Secretary of State, was, exceedingly cautious when questioned yesterday morning concerning his plans but it is widely believed that President Roosevelt is eager to retain his services.

CONTINUANCE OF POLICY
Mr. Cordell Hull, on the other hand, might plead old age for it is known that he is anxious to retire to private life. Some months ago, however, he said that he would make any sacrifice necessary in the interests of the State at a time of crisis.

It is, therefore, generally expected that Mr. Cordell Hull will remain in office, thereby ensuring the continuance of the policy hitherto followed.

ICKES RESIGNATION

WASHINGTON, Nov. 8 (Reuter).—Mr. Harold Ickes, Secretary of the Interior, announced yesterday that he has resigned in order to allow President Roosevelt a free hand if Cabinet changes are desired.

Mr. Ickes added that that was the sole reason for his action and he stated that he was very pleased that President Roosevelt had been re-elected.

AMERICANS IN BRITAIN

Germany Refuses Safe Conduct For U.S. Evacuation Ship

WASHINGTON, Nov. 8 (Reuter).—Germany has refused safe conduct for an American ship to proceed to Ireland to bring back United States citizens although Italy has granted safe conduct. It is announced by the State Department.

The German Government is said to have declared that the areas around England were "areas of military operations" and that "Berlin is not in a position to furnish any sort of assurance of the nature requested."

The Italian Government's prompt and favourable reply was communicated to Germany, but Berlin declined to act likewise, the State Department reveals.

WASHINGTON REACTION
The United States is contemplating sending a liner, possibly the Manhattan, to a West Ireland port to evacuate about 1,200 Americans from Britain.

The immediate reaction by officials here was that Germany's answer will probably intensify the already strained German-American relations.

FRED PERRY DIVORCED

LOS ANGELES, Nov. 8 (Reuter).—Helen Vinson, film star wife of Fred Perry, well known British lawn tennis player, was granted a divorce from him yesterday.

Mrs. Perry told the judge that her husband was restless at nights and would argue and loudly slam the doors and throw furniture around.

"He would keep this up until 4 and 5 a.m. It went on until I lost my appetite and weight and became very nervous," she said.

Perry was married to Miss Vinson six years ago at Harrison, New York.

HUGE U.S. BRIDGE COLLAPSE

JOURNALIST HAS NARROW ESCAPE

TACOMA, Nov. 8 (Reuter).—The huge suspension bridge over the Tacoma Narrows, third longest bridge in the world, suddenly cracked yesterday and crashed in sections 190 feet into the Puget River.

Recently nicknamed "Galloping Gertie," owing to the swaying motion, the bridge was only opened last July.

The bridge has always been affected by a high wind and began swaying from side to side yesterday.

A journalist, who was the only person on the bridge at the time of the collapse, felt it going down.

He leapt out of his car and crawled 500 feet to safety as the bridge disintegrated. Its huge cables waving wildly in the air.

CHUNGKING DENIES PEACE RUMOURS

CHUNGKING, Nov. 8 (Reuter).—A spokesman of the Chinese Foreign Office yesterday categorically denied a rumour that the Chinese Ambassador in Berlin, Mr. Chen Chieh, had cabled a German recommendation for a peaceful settlement with Japan.

The spokesman also denied the alleged discussion of the recommendation by the Chinese Supreme National Defence Council, the story being described as "absolutely without foundation."

Dive-Bomber Downed-By Hurricane

LONDON WITNESSES AERIAL CHASE

LONDON, Nov. 8 (Reuter).—Not a single pilot of the five R.A.F. aircraft lost in yesterday's air fighting is missing, all having safely bailed out.

Seven enemy machines have been destroyed, one of these, a Messerschmitt 110, crashing in the outskirts of London.

Four of the others—three 109s and an 87 dive-bomber—were brought down off the south coast by one Hurricane squadron.

Two Hurricane pilots who accounted for a raider who came down near London did not know that they had shot it down. This fighter-bomber was first sighted as it flew nearly six miles above the East Anglian coast, says the Air Ministry, news service.

CHASE DESCRIBED
The R.A.F. fighters were patrolling 10,000 feet below and they chased the enemy over London climbing all the time.

Above Chislewick, they came into range. The German pilot tried to escape by climbing still higher but one R.A.F. fighter opened fire at a range of 200 yards, and as it went into the attack it flashed past only ten yards from the enemy.

LONDON CLEAN-UP
Steel-helmeted soldiers in khaki battle dress, their rifles and other military equipment temporarily laid aside, are helping in the battle of London.

They consist of 5,000 men of the Pioneer Corps, whose main job in the Army is road building and civilian work, but now they are in London with picks and shovels helping clear up the ravages of German bombers.

A Reuter staff correspondent who watched them working yesterday got an idea of the celerity with which these men—old soldiers and men unfit for combatant service—are ridding London of its scars.

MASSSES OF DEBRIS
One company of 200 in a single day this week stacked 44,000 bricks ready for removal, loaded 320 tons of debris into lorries, prepared 15 lorry loads of wood, furniture, iron and so forth for removal.

Air raids do not stop their work. Apart from the rapid clearance of debris their usefulness consists in sorting and storing large masses of material much of which is put to new use.

GREEK ARTILLERY DOMINATING ITALIAN BASE IN ALBANIA

LONDON, Nov. 8 (Reuter).—In the present operations around Koritza—the Italian base in Albania—the Greek Army has proved its capacity for hill fighting which is an entirely different technique from the flat country fighting where the roads are all important, says Reuter's Military correspondent.

The Greeks have concentrated upon securing the heights first rather than yield to the temptation of fighting over the roads crossing Koritza plain where the Italians are doubtless expecting them with tanks and mechanised vehicles ready for a counter-attack.

In this manner, according to reports, the new positions on the Albanian territory were gained, including the village of Zenitja where on the Koritza-Pogradets road, which is the key position on the road for the provisioning of Koritza.

Greek artillery is now dominating Koritza and probably consists of mountain batteries or what the British in India call screw-guns—deadly accurate little weapons with a high rate of fire and easily transported on mules.

It is significant that the Italian prisoners taken by the Greeks include ten field officers and 138 junior officers. This number would normally go to units comprising a total strength of about 12,000 men, though maybe many of them were attached to the headquarters units.

Native troops from Italian East Africa are said to be among the prisoners. Possibly the interchange between the North African front and Albania was effected when the Greek Army was thought by the Italians to be unlikely to resist aggression.

King, Queen Make Tour Of Merseyside

LONDON, Nov. 8 (Reuter).—Their Majesties the King and Queen continued their tour of the bombed areas in the Merseyside district yesterday.

They spent about four hours in Liverpool and Bootle talking to many people who have been rendered homeless.

At one badly bombed block of flats where 12 people were killed, the tenants stood on the balconies waving Union Jacks and singing the National Anthem.

Three alerts were sounded during the course of the tour but their Majesties ignored the warnings.

RECORD INFUX OF U.S. VOLUNTEERS

WASHINGTON, Nov. 8 (Reuter).—The record influx of volunteers has brought the United States regular army to more than the peacetime full-strength of 375,000 for which number Congress provided funds nearly two months ahead of schedule.

An official stated that the intensive enlistment drive is to be continued up to the new war strength objective of 432,000 men.

JAPAN IN A DILEMMA

DOES AXIS PACT CALL HER INTO GREEK WAR?

TOKYO, Oct. 29.—How Japan will interpret its tripartite Axis agreement in terms of the Italian invasion of Greece remained an unanswered question tonight in Japan's capital.

STRONG FEELING
According to the text of the agreement Japan is seemingly obligated to become a belligerent alongside the Axis powers if any country which was neutral when the pact was signed enters war against Italy or Germany, but the feeling is strong here that Japan anticipates no such move as a result of Greek opposition to Italian invasion of Greece.

The vernacular papers said the cabinet, at its regular meeting today decided to defer action on the Italo-Greek war "pending further development," although no official announcement was made.

The belief exists that the pact would be interpreted as a political understanding rather than one involving military obligations.

NON-BELLIGERENT STATUS
Some vernaculars predicted Japan would lend political and economic support to Italy but would not find it necessary to abandon a non-belligerent status toward the European war, while other papers opined that "the Italo-Greek war will probably be settled before Japan can undertake to aid Italy."

Although recently unverified reports were circulated saying that the tripartite pact contained an "escape clause" whereby Japan retained the privilege of deciding the nature of actions it might take in event the Axis powers were faced with additional adversities, no mention was made of this in authoritative quarters.

GOVERNOR PAYS VISIT TO DEAF SCHOOL

Deeply Interested In Work Of The Pupils

HIS EXCELLENCY THE ACTING GOVERNOR, LT-GEN. E. F. NORTON, C.B., D.S.O., M.C., paid tribute to the Principal, MISS LI LUK-WA, the staff and committee of the School for the Deaf at Kai Yan Road, Kowloon City, when he remarked toward the end of his visit to the school yesterday afternoon that the work he saw being done was the most cheering and encouraging that he had seen in a long time.

His Excellency showed himself to be deeply interested in the work of the school and especially in the methods followed in teaching the youngest pupils. He asked to see the newest pupil at the school and heard the child, Kong Kwai, admitted to the school only in September and now eight years of age, follow the Principal quite ably through an exercise in phonetics.

His Excellency, accompanied by Capt. S. H. Batty-Smith, A.D.C., was received at the door by the Chairman of the School Committee, the Rev. S. Kau Yan-lee, the Rev. H. D. Rosenthal, Mrs. W. K. Cheung and Miss Li Luk-wa, the Principal.

Following an inspection of the various class rooms, where his Excellency watched the children at work on their lessons and engaged in various handicrafts, he was also introduced to other members of the School Committee, Miss B. M. Pope and Miss W. I. Griffin, founders of the school, Miss E. S. Atkins, Miss D. Shilston and Dr. A. Sydenham.

Mrs. W. K. Cheung read an address of welcome to his Excellency on behalf of the School Council.

VERY CRAMPED

Mrs. Cheung said, in part:—There is much need for future development in the school premises—as your Excellency sees, our 35 children and teachers are very cramped in these two small houses, so we are looking for a way to expand our quarters and at the same time save the money that must be spent on rent.

We have managed to collect a very small Building Fund and we hope with this money, augmented by a few more generous donations to be able to purchase 30 to 40 thousand square feet of land so that when building again becomes a feasible proposition in this

Colony, we may be able to build our own school.

We would respectfully make three requests of your Excellency—first, that your Excellency would use your influence to ensure that when we come to purchase land from the Government we may be allowed to do so by Private Treaty, at a charitable rate, and not in competition with other buyers.

Secondly, we would ask that when we come to build, your Excellency would recommend that a dollar for dollar grant be made to assist with the building as has been done with other educational and charitable institutions.

Thirdly, that Your Excellency kindly arrange that the Government subsidy may be increased to cover the rent.

A PRESENTATION

His Excellency was then presented with a school uniform contained in a box shaped like the school badge by another of the children, Lei Po-mei. Both the uniform and box were made by the pupils.

PETROL PRICE INCREASE

The Asiatic Petroleum Co. (South China), Ltd., Hongkong, informed us that, as from 2 p.m. yesterday, (Thursday, Nov. 7), the Hongkong Government duty on gasoline has been increased by HK\$0.20 (twenty cents) per I.G. to HK\$0.80 (eighty cents) per Imperial Gallon.

The revised official price list reads as follows:—Shell Motor Spirit—Per I.G. ex pumps, HK\$1.80. Per unit of 8-1/3 I.G. bulk, \$15.00.

Per unit of 8-1/3 New Tins, \$16.50. Per unit of 8-1/3 Cases, \$17.40.

Travelling Exhibition To Show Populace Cheapest Methods Of Blacking Out

Referring to the criticisms on the recent Black-out exercises, and the lack of Government instructions to the general public, the Director of Air Raid Precautions (Wing-Commander A. H. S. Steele-Perkins) said, at the Press Conference yesterday, that arrangements are being made for a travelling exhibition to show the people the cheapest methods of blacking out.

Questioned as to the possibility of leaving one's windows open during a black-out, Wing-Commander Steele-Perkins said that so long as the lights are properly screened, or if a blue bulb is used, there is no necessity to shut the windows.

The need only arises when the light has definite egress through the window. Blue, or black, sprayed lights must be lowered to below the level of the windows.

RIGHTS OF WARDENS

Asked as to the rights of Wardens to compel residents to close all lights, he reiterated that so long as the lights are properly covered, and no beam penetrates to the street, the Wardens should not give such directions.

The progress made in the construction of the tunnels and concrete pens have been beyond expectations, said Comdr. Steele-Perkins. There are 17 faces opened at present and another five-two in Wanchai, two in the Central district, and one in Kowloon—will be opened during the end of this, or the beginning of next, month.

"LIVELY AS CRICKETS"

Replying to the question as to what Government intends to do about the matter of ventilation of tunnels, Comdr. Steele-Perkins said that a trial test of the tunnel in the C.B.O. grounds was made recently.

About 100 people sat there elbow to elbow for three hours and, at the end of that time, were examined. Those who took part in the test came out of the tunnel "as lively as crickets". He said the Director, now

awaiting the medical authorities to give their opinion of the test.

URGENCY FOR TUNNELS

Giving as his personal opinion that the urgency is to make the holes (tunnels) first and put in the ventilation afterwards, Comdr. Steele-Perkins said the ventilation will probably take the form of ventilation shafts or fans.

The present dug-outs are what might be called U-shaped shelters with several parallel trenches all inter-communicating with one another. The concrete pens now being constructed all over the Colony are machine-gun, blast and splinter proof, outside 50 feet.

CHINA QUARTERLY

The Autumn Number of the China Quarterly, which has just been published, contains a wealth of information about China.

Opening with a message by the Generalissimo to friendly nations explaining China's war aims and her continued resistance against Japanese aggression, the publication also contains a number of interesting articles by leading figures in the Chinese Government.

Mr. Wang Chung-hui outlines in detail China's foreign policy, concluding with the statement that China has "the right to call on friendly powers for active co-operation in our struggle."

China's fighting personnel is described by General-Pat Chung-hui, whose able leadership has already been favourably commented on abroad.

General Wu Teh-chien gives an indication of the loyal assistance coming to China from her overseas nationals for "attaining our final objective—the realization of a just and permanent peace."

ROUND THE POLICE COURTS

AT CENTRAL

MISLEAD. POLICE

Two Chinese, a male and female, appeared before Mr. G. T. Lowry yesterday on a charge of conspiring to mislead the Police by falsely stating that Au Yin-fei was detained in the Mei Chow Hotel for the purpose of being robbed by a man named Chau Wing.

The defendants were Au Kwong, 23, unemployed, and Au Yin-fei, 21, described as a prostitute.

Sgt. Cullinan stated that the first defendant went to the Central Police station at 9 p.m. on Nov. 6 and reported that his sister was being detained in the Mei Chow Hotel by a man named Chau Wing.

The Police went to Room 321 of the hotel and found complainant fast asleep on the bed while second defendant was sitting on a chair by the bed. The latter told the Police that the man had robbed her of her wrist watch which was later found in the man's pocket.

Later at the station when both parties were questioned by the Police both defendants admitted that they had conspired against Chau, the first defendant being jealous of Chau going out with the second defendant.

Remarking that it was a disgusting offence and that first defendant seemed to be the prime mover, Mr. Lowry sentenced the man to three months' hard labour and the woman to one month's hard labour.

JEWELLERY THIEF GAOLED

Pleading guilty before Mr. Lowry yesterday to a charge of stealing a wrist watch and other articles of jewellery to the total value of \$57 from No. 22, Elgin Street, first floor, on Oct. 31, a 30-year-old married woman, Leung Shu-sin, was sentenced to one month's hard labour. She was also recommended to be banished from the Colony for five years.

Det.-Sgt. Cullinan said that defendant was a cousin of complainant, Leung Fuk, 44, salesman, and sometime in October went and stayed with Leung. Defendant left complainant on Oct. 21 and, later, the jewellery were missed by complainant.

On Nov. 6 complainant met defendant at the Tung Wah hospital and asked her about the jewellery. She admitted stealing them.

All the articles were not recovered except the watch which defendant had pawned for \$3.50.

Defendant stated that she came from Chungshan to look for work and asked his Worship to give her a pardon as she had two young children to look after, back in the country.

GIRL IMPRISONED

Appearing on remand before Mr. H. G. Sheldon yesterday, Chan Hing, 18, spinster, charged with stealing from No. 81, Spring Garden Lane, second floor, \$220 in Chinese currency and H.K. \$20, jewellery and clothing and a \$50 deposit note, was sentenced to one month's hard labour.

Det.-Sgt. V. M. Morrison stated yesterday that there was no truth in the allegation made by defendant that the complainant, Tam On, and another taxi driver had tried to interfere with her, the defendant having admitted this to him at the station.

It will be recalled that at the previous hearing Chan made an allegation that complainant and another taxi driver, to whom she was introduced, had tried to assault her at the Caroline Hill football ground.

After being convicted yesterday Chan made a request that she be allowed to see the man to whom she was supposed to be betrothed. The request was refused.

SENT FOR TRIAL

A 45-year-old unemployed cook, Chab Tai-tau, on a charge of murder, was committed by Mr. Lowry to the next Criminal Sessions yesterday on a charge of the murder of Siu Muk on the morning of Oct. 9 on the roof of the Tin Yin-Yat Po newspaper firm, at the junction of Des Voeux Road Central and Douglas Street.

At the hearing yesterday evidence was given by Lam Shun, odd job-cook, who said defendant produced a knife and stabbed Siu near the nose. Defendant followed deceased up a stairway.

DEMANDING MONEY

The case in which several district watchmen were involved was concluded before Mr. K. M. A. Barnett at the Central Magistrate's court yesterday when three defendants were committed to the next Criminal Sessions. The defendants were charged with

stealing wolfram ore at Connaught Road West and demanding, with menaces, \$50 and \$100.

The defendants were Ng Hin, 23, (DW 4), Tse Kwong, 23, (DW 37), and Ng Po, 25, unemployed. Yip Wing-cheung, 25, (DW 125) was committed for trial on the first charge while another watchman, Chan Fan, 37, (DW 26), was discharged on the first count.

Ng Hin was defended by Mr. H. A. de B. Botelho, while Yip, Fan and Tse, were represented by Messrs. S. Ng Quinn, M. A. da Silva and C. A. S. Russ, respectively.

Det. Sub-Inspr. R. Cunningham prosecuted.

AT KOWLOON

ALLEGED GANG

Valuables and money amounting to about \$50,000 were alleged to have been stolen by an organised gang of eight Chinese armed with revolvers and other instruments. The alleged robbers were charged before Mr. Himsforth yesterday.

It was alleged that they robbed Leung Ming-sang, at No. 43, Prince Edward Road, Fung Kwong-shing, at No. 172, Wellington Street, and Ho Lai-kuen, at No. 1, Ladder Terrace.

The first defendant was additionally charged with possession of two revolvers and 17 rounds of ammunition, while he and the eighth defendant were also charged with conspiracy with intent, to rob No. 5, Ying Fai Terrace.

Det.-Inspr. A. E. Carey asked for a remand of three days which was granted.

THEFT BY BAILEE

An Kit-ping, woman, who was charged with larceny of furniture by bailee, appeared before Mr. Himsforth yesterday for a 24-hour remand and was ordered to produce the furniture in Court. Mrs. I. D. Lee was the complainant.

SNATCHER GAOLED

Six weeks' hard labour was imposed by Mr. Macfadyen yesterday on Lung Tin, 19, for snatching \$5 Hongkong currency from Au Cont. on Page 11 Col. 3

BURIAL OF REMAINS OF LATE MR. TONG SHAO-YI

Judgment For The Widow

"I must re-echo the hope expressed by Mr. Potter that the remains of this murdered Chinese patriot should at last find a resting place and be at repose. And I should like to add that the members of the family may also be able to compose their differences," remarked the Chief Justice, Sir Atholl MacGregor, at the Supreme Court yesterday, when he gave judgment for the defendant.

The case was the sequel to a dispute between the widow and the eldest son as to the right to fix the burial ground for the mortal remains of the late Mr. Tong Shao-yi, first Premier of the Chinese Republic, who was assassinated in Shanghai in 1938.

The plaintiff, Tong Lao, eldest son of the deceased and described as a Councillor of the Executive Yuan of the Republic of China, is seeking an interim injunction against Wu Vi-jan, third tin-fong wife of the deceased.

Mr. Percy Chen, instructed by Messrs. Deacons, appeared for the plaintiff, while Mr. Eldon Potter, K. C., and the Hon. Leo D'Almeida, Jnr., instructed by Messrs. Tse and Hodgson, were for the defendant.

Giving judgment, the Chief Justice said that the person who by the laws of this Colony was entitled to the letters of administration, had there been any estate under the jurisdiction of this Court, was the defendant, the widow, who was entitled to the exclusion of all others.

Judgment was given for the defendant with costs and his Lordship further ordered that the interim injunction granted earlier be discharged.

NEVER EXPRESSED

Mr. Potter: My attention has been called to the fact that much publicity has been given in the reports in the press to my learned friend's suggestion that the defendant has run counter to the express wishes of her husband to be buried in his native place. I have express instruction that these wishes were never expressed to the defendant. She would, of course, have been too happy to bury her husband's remains in his native place had circumstances permitted. This is clear from the

JAPAN AND THE THIRD TERM

JAPAN has shown the quick reaction—unfavourably, of course, as was to be expected—to Mr. Roosevelt's re-election for a third term as President of the United States. The Japanese press, in giving expression to an outburst of demands for renewed determination from the people to counter what is described as a "worsening of Japanese-American relations," reflects the nervousness which has been prevalent in Japan for some time past since Anglo-American collaboration compelled the expansionists in Japan to apply a brake on the moves they had planned for their "new order" in East Asia. The comments made in the Japanese newspapers are correct on one issue and that is that Mr. Roosevelt's re-election will lead to even stronger Anglo-American military co-operation in all theatres where aggression has been pursued and that increased assistance to the victims of this form of terrorism will be almost immediately forthcoming from the United States. This policy would have been adhered to even if Mr. Roosevelt had been defeated in his bid for a third term in office, though its immediate effect might have been subject to some delay before a new head of the administration could have been able to implement his plans for continuing material aid to oppose aggression.

THE CONCLUSION reached by the writers in the Japanese press, however, that the re-election of Mr. Roosevelt "completely bars the way for the solution of Japanese-American problems" is totally unwarranted. It completely ignores the very principles on which the democratic countries have outlined their policies for the settling of political disputes by amicable negotiation as opposed to force. The statement that Japan has been seeking to maintain friendly relations with the western Powers by a policy of peace and non-resistance has not been borne out by what has been taking place in the Far East during the last few years. Every move made by Japan, to satisfy the craving for expansion by her mili-

80 ENTRIES FOR INT'L MARATHON RACE

Manson, Heung Kat-sang And Lewis Competing

Some 80 entries have been received so far for the first International Marathon Race sponsored by the Hongkong and Kowloon Tenants' Association, to be run tomorrow morning. The race will be over a distance of about 8½ miles (13,527 metres), which is much longer than the Kowloon Marathon or any other distance race staged recently in the Colony.

The course of the race will be: Gaseigne Road, opposite the Alhambra Theatre, along Nathan Road towards Star Ferry, turning into Salisbury Road up to the Railway Bridge, then along Chatham Road and Matalau Road up to the Prince Edward Road intersection, cutting into Boundary Street as far as Nathan Road and then again into Nathan Road to finish at the Alhambra Theatre. The race will commence at 9 a.m. sharp.

NON-CHINESE ENTRIES

The entries now include 20 non-Chinese. Pte. Manson, of Royal Scots, winner of many distance races in the Colony in the past few years, and Signaller A. Lewis, of Royal Signals, who was second in the last St. Andrew's Marathon Race, will be hot favourites.

Heung Kat-sang, C.A.A.F. champion, and Yeung Wah-sang will be the strongest Chinese entries, with Jones C. S. Chin, a distance runner of reputation from Shanghai, well up with the leaders. From the dozen or so Indian runners participating there may also be one or two strong challengers.

The Canton University English Club recently sent a message to President Roosevelt congratulating him on his victory. The message reads: "It gives us great pleasure to send you this congratulatory message. We are absolutely confident that your untiring effort will help promote international justice and make the world safe for Democracy. We have the great honour to request you to give us further aid, material as well as spiritual, for the prosecution of our war of Resistance."

No increase in the hourly hire rates is at present contemplated by local garages despite the rise in the price of petrol. The taxi companies are to hold a meeting to consider the position.

Relations with the United States and Britain should not be restored to normal. If, however, she is determined to offend against the principles of democracy and justice, she will find the forces of right arrayed against her in no uncertain numbers.

SCHEME FOR CONTROL OF IMMIGRATION INTO COLONY

Continued From Page 1

Note: The general policy will be to encourage intending visitors to apply for permits before starting their journey.

REQUIREMENTS

Applicants for entry permits, whether they are local residents or not, will have to give their address, occupation and a local reference. Visitors from outside the Colony must also state the object and duration of their visit.

If a local employer of labour wishes to import workmen, he will make a general application which the Immigration Officer will refer to the Labour Officer. If the decision is that such labour is required, the employer will then be told to make applications for each individual workman and permits will be issued.

It is expected that small traders, supercargoes on junks, and other persons who make frequent trips in and out of the Colony will avail themselves of the permit with a period of validity of two years.

Certificates of Residence—These will also be of two kinds; the first will cost \$10 and will be issued to bona fide residents of Hongkong who have lived in the Colony for more than four years and the second will cost \$2 and will be issued to persons of the same standing who have lived here for over 10 years. Both certificates will be valid for a period of 5 years.

Normally these certificates will be given to any applicant who is in employment and who has local interests and who can prove the required period of residence within the Colony.

FRONTIER PASSES

These passes will cost \$2 and will have a period of validity of one year. Their issue will be discretionary and will be confined to peasants, fishermen and other country folk living along the frontier. They are meant to meet the special case of the poor people who habitually cross the frontier into the Colony to sell foodstuffs.

Persons entering by the land frontier will only be allowed to do so at places which have been appointed by notification in the Government Gazette.

There is nothing in the Scheme which will prevent the Government from offering temporary refuge to peasants bombed on the frontier or who are otherwise compelled to flee for their lives.

All applicants for documents will be required to produce two copies of their photographs, and all permits, certificates and passes, will give the place of issue and will be signed by an officer of the Immigration Department. The documents will also be signed by the applicant, either at the time of application or on arrival in the Colony. If a person cannot sign his name then the impressions of the three middle fingers of his right hand will be put onto the document.

The minimum fee of \$2, for what will be the most commonly used of the entry permits, is recommended on the advice of officers who have had many years experience of passenger traffic in the Colony. These officers are of the opinion that \$2 is a fee which persons entering can afford and which will not lead to wholesale evasion of control. This question of the amount of the fee is of the greatest importance and must be carefully balanced. It must also be remembered that the fees collected are meant to cover the costs of the department.

Classes of Persons not Entitled to Documents

Permits, passes or certificates will not be issued to any person who:—

(a) is diseased, maimed, blind, idiot, lunatic or decrepit, and without the means of subsistence and may be hindered by his state from earning a livelihood;

(b) cannot show that he has in his possession, or that he is physically able to earn, the means of decently supporting himself and his dependents if any;

(c) is a professional beggar or vagrant or a person likely to become a charge upon the public or upon any public charitable institution;

(d) is a person suffering from a contagious disease which is loathsome or dangerous;

(e) being a person for whom a passport is necessary, is not in possession of a valid passport or is in possession of a forged or altered passport or of a passport which does not comply with any regulation in force relating to passports;

(f) has been deported, banished or expelled from any country or state or has been shipped by the Government authorities of any country or state with a view to his being repatriated;

(g) is suspected of being likely to promote sedition or to cause a disturbance of public tranquillity;

(h) cannot show that he has definite employment awaiting him, or that he has a reasonable prospect of obtaining employment;

(i) is a prostitute or a person living on the earnings of prostitution;

(j) is not in possession of such certificates as may be required under Quarantine Regulations for the time being in force; or

(k) is prohibited from entering the Colony under any enactment for the time being in force.

EXEMPTIONS

The following classes of persons will be exempt from the regulations:—

(a) holders of valid passports or other travel documents;

(b) persons under 15 years of age. This is the present exemption age for passports (sect. 7a, Ord. 8 of 1934). Owing to the practical impossibility of checking the age of many Chinese children with any accuracy, it will be necessary to have some form of enquiry other than the examination of documents, and as a rough and ready but satisfactory method, all children under 4' 6" in height will be admitted without further enquiry.

(c) "through" passengers. Under the new Ordinance a "through" passenger will be defined as follows:—"means any passenger who is travelling to a place outside the Colony and who is to continue his journey in the vessel by which he arrived."

SECURITY SYSTEM

Security of a financial nature may be taken from persons entering the Colony whether they are in possession of valid travel or entry documents or not. Security will be for a period, and providing the conditions imposed are fulfilled, the money will be refunded in full when the person leaves. It will usually be taken from persons visiting the Colony for a limited period and will be a guarantee that they will leave within the period allowed. The amount of security will depend on the circumstances of each individual case but it will normally be sufficient to cover the costs of repatriation if necessary.

Passports.—The Immigration Department will also be responsible for work in connexion with passport control. Passports and visas will be issued by the Head Office and correspondence concerning them will be addressed to the Passport Officer, Immigration Office, Hongkong.

STEAMERS

Any ship carrying passengers will, if so ordered, be required to tie up at the immigration wharf while the passengers are examined by the immigration staff. Until the vessel is cleared, no unauthorised person will be allowed to enter the wharf, and no sampan, junk, launch, etc. will be allowed within a distance of 30 yards. Any passenger may be removed to the Immigration depot for enquiry and if permission to land or enter the Colony is refused, such person will be detained at the depot until he can be sent back to his port of embarkation.

Normally ocean going steamers will be examined at their own anchorages and smaller boats, including river steamers, will be required to tie up at the Immigration wharf.

Junks.—Junks will only be permitted to enter the harbour between 6 a.m. and 6 p.m. in addition they will be ordered by regulation not to enter or leave the harbour without proceeding to one of the following examination points:—Shaikwan, Aberdeen, Tungchung Bay. They will be examined for passengers at these points and their licences endorsed accordingly.

CENSUS OF JUNKS

Immediately before the scheme is introduced there will be a census of all junks in the harbour and their licences will be endorsed as being "in the harbour." It will be possible, thereafter, to take action against any junk found in the harbour without having its licence endorsed as having either "entered" or "being already in the harbour." There will be a heavy penalty for any breach of the law.

It will not be necessary to alter the present system regarding the particulars of the "crew" entered on junk licences unless a stricter form of control is necessary. This will depend on whether junks are used to evade the system of control.

Immigration Stations.—Apart from the Head Office and the depot, which will be as near as possible to the immigration wharf, there will be stations at the following points:—Taipo, Shaikwan, Lo Wu, Onlong, Lokmachan, Shaikwan, Aberdeen and Tungchung Bay.

COMMITTEE FORMED

Continued from Page 1

After Dean Wilson had outlined the procedure of the meeting those present were invited to speak.

Mr. J. J. Forster was shouted down when he made a personal attack on the ability of the Dean to serve on the Evacuation Committee, and after he had made a strong and embittered attack on the local Government.

"DEPORTATION"

Mr. J. F. Galvin proposed that a subscription should be raised in order to test the "legality of the deportation and not evacuation" of the wives and families to Australia.

Mr. A. C. Jeffreys suggested that members of the Government service should be represented on the Committee.

Mr. R. M. Keown proposed that instead of waiting for a reply from the local Government, which may take months, the Committee should make direct representation to the Secretary of State for the Colonies.

Mr. W. M. Armitage endorsed the suggestion that the Home authorities be approached with the demand for the return of the evacuees as soon as possible.

Mr. A. B. Cleme asked that Government be requested to permit the return of those women and children who are at Home on holiday.

Mr. F. E. Duckworth supporting the suggestion that those on holiday should be allowed to return referred to a 20-year old daughter, who was born in Hongkong and who should be considered as domiciled here, not being permitted to return from her holiday in Canada.

PERMANENT ONE

A suggestion was made by Mr. B. L. Stock that the Committee should be made a permanent one so as to become the real representative of the citizens of Hongkong in all questions.

Mr. J. F. Macgregor referred to an interview which he had with H. E. the Acting Governor during which his Excellency gave the speaker to understand that it was only for political reasons that Government was not able to permit the return of the evacuees.

Mr. S. Simpson's proposal that all communities should be represented on the Committee was backed up by Mr. J. Pollock.

The Rev. J. R. Higgs said that there must be something very much the matter with the local Government when they could allow such a travesty of British justice as to bestow its blessing on the evacuation dodgers. (prolonged applause). It was hardly fair, or just, said Mr. Higgs, that those who co-operated so loyally with the Government as to promptly obey the Order should be made to suffer.

RESOLUTION

On the motion from the Chair the following resolution was passed:

"That this meeting expresses its gratitude to and its confidence in the Home Government which is giving such a splendid lead in the prosecution of the war and it pledges its loyalty and service to the common cause."

Votes of thanks to the Chairman, the management of the Peninsula Hotel, and Miss W. A. Robinson for her services at the meeting, were unanimously carried.

At a special meeting of the newly elected Committee held immediately after, it was decided that the first meeting of the Committee will be held on Wednesday, Nov. 3, on the first floor of the Peninsula Hotel, at 5.30 p.m.

The Committee desired to point out that any one desiring to contribute towards the fund may send their contributions to either the Chairman (pending the election of a treasurer) or to the S. C. M. Post.

CHAMBER MUSIC CONCERT

The eleventh concert of the Hongkong Chamber Music Club was given at Government House last night, by kind permission of His Excellency The Acting Governor. There was a large and appreciative audience.

Mr. J. R. M. Smith arranged the programme, to which he also contributed. Prof. Harry Ore and Mr. Maurice Barton were the other musicians participating.

MR. ROOSEVELT WILL SUCCESSFULLY PROSECUTE HIS FOREIGN POLICY

CHUNGKING, Nov. 8 (Reuter)—While Chinese newspapers this morning are devoting their principal news pages to the re-election of PRESIDENT ROOSEVELT, the Chinese Press also gave at the same time, equal attention to the anniversary of the SOVIET REVOLUTION.

The official CENTRAL DAILY NEWS declares: "We are confident that within the next four years, Mr. Roosevelt will quickly and successfully prosecute his foreign policy. We congratulate the American people and also congratulate the civilised nations of the world."

Turning to the Soviet anniversary celebration, the Chinese Government paper declared: "We believe that the Tripartite Pact aims at the destruction of the democratic Governments of the world, while the construction of democracy is an identical aim both in China and Russia."

"The aggressors' activities are already affecting China and we believe that shortly such an aggression will also affect Russia. In view of their common stand of mutual interests, we are confident that China and Russia will co-operate in the fight for victory of democracies."

OBJECT OF THE ITALIAN CRIME AGAINST GREECE

"The only object as far as I can see in this Italian crime against Greece, is to obtain certain territory for the concentration of troops for the purpose of an attack on the Balkans."

This comment was made by an officer in the British fighting forces in the course of a talk in London last night.

The speaker attempted to discover the reason which had induced Signor Mussolini to attack Greece. He said that if Mussolini had miscalculated the weather in Greece at this time, he had seriously underestimated the fighting spirit of the Greeks.

Italy, he said, had for many years been on friendly terms with Greece. The Greeks had never made any claims on Italy neither were any demands made by the Italians on Greece.

"Then came the invasion of Ethiopia, the massacre of Addis Ababa, the rape of Albania, the ruthless killing in Spain, the stab in the back on France and finally this attack now on Greece," he added.

EXAMPLE OF SKILL
The Greeks had given an example of fortitude and skill in fighting. They are quick-witted, full of courage and like the Londoners, are apt in repartee.

The speaker went on to pay a further tribute to the Greeks and he stated that the percentage of suicide in Greece was six per 100,000, while that of Germany was 28 per 100,000, the second highest in Europe.

"In the United States," he said, "most of the gangsters are of German and Italian origin, never of Greek."

POLITICAL SENSE
The Greeks had a profound political sense and are conscious of their duty to their state. They will follow a leader but will never be driven. (Their country is to them, a passion and delight. "Invade them and they will rise as one man in its defence," declared the speaker.

The speaker also paid a tribute to Gen. Metaxas, for the military skill he displayed in the last war and who is leading the Greeks once again.

"What could have induced Mussolini to begin his campaign precisely at the moment when the Balkan winter is setting in?" asked the speaker. "I see it as part of a larger plan. Perhaps Mussolini was acting on a promise from Hitler that England would surrender by autumn and expected to be well established in Greece when that came. Mussolini will find that the Greeks are well organised fighters and if he counted on their crumbling into submission as Rumania did, he is very much mistaken, the Greeks will fight."

Later he walked through the streets of the town to inspect shell and bomb damage and expressed his admiration of the courageous manner in which the people of Dover were carrying on under the guns of the enemy.

NEW GUNS CARRIED AT SOVIET PARADE

MOSCOW, Nov. 8 (Reuter)—While praising "M. Stalin's wise policy of peace among nations and ensuring the security of our Fatherland," MARSHAL TIMOSHENKO, Soviet Defence Commissar, told the vast demonstration in the Red Square yesterday on the occasion of the 23rd anniversary of the Revolution that the "Red Army is always ready to fulfil its sacred duty."

HUGE PARADE
M. Stalin and other leaders were present at a huge parade during which some of the troops carried sub-machine-guns while the new anti-aircraft guns, large naval guns and howitzers with transportable bases, capable of use for coastal defence or land attack were also on view.

Other new guns bigger than the "Severin" were exhibited and low winged, water-cooled fighter aeroplanes flew over the square. All the artillery were mechanized.

RETIATORY RAIDS ON ROME?

FASCIST CAPITAL PRECAUTIONS

LONDON, Nov. 8 (Reuter)—Coinciding with the official statement that in view of the Italian admissions that Italian planes and airmen have taken part in the raids on London and the British Government reserves full liberty of action with regard to Rome, comes the news that the authorities of the Fascist capital are busily trying to get ready for the expected onslaught by our bombers.

Quoting messages from its observer in Rome, an American radio station said yesterday that the civil authorities have ordered full speed ahead on the construction of air raid shelters.

All owners of buildings, apartments and houses have been instructed to have their shelters started by Nov. 15. If they do not comply with this order the Government will build the shelters at their expense.

DISTINGUISHED VISITOR TO "HELL CORNER"

LONDON, Nov. 8 (BWS)—The British Ambassador to Washington, Lord Lothian, visited Dover on Wednesday to see "Hell Corner" as the town has been named by German airmen.

Lord Lothian visited the R.A.F. airfield of the Fighter Command and after inspecting Dover Castle was shown the secret operations room from which the evacuation of the B.E.F. from Dunkirk was directed.

Later he walked through the streets of the town to inspect shell and bomb damage and expressed his admiration of the courageous manner in which the people of Dover were carrying on under the guns of the enemy.

WICKHAM STEED

Continued from Page 1

many of our well-wishers might have thought we were doomed. We were not. Mr. Churchill said "I certainly cannot prophesy about the battles that still have to be fought, but if we cast our minds back we will find that we are holding every position of importance."

CHANGED OUTLOOK

"The Battle of Britain may not yet be over but its course hitherto has changed the outlook so much that the Greeks feel sure that they can hold the enemy out and gain their victory."

"At the same time," continued Mr. Steed, "the United States had broken down traditions of over 100 years by re-electing for a third time a President whom both Signor Mussolini and Herr Hitler abhor. The courage of the United States in ignoring time-honoured traditions strikes me as a very notable victory for the forces of democratic freedom."

"This does not mean that the people here took sides in the American presidential campaign. It was felt in Britain that the contest was the direct concern of the United States and the United States alone. It was not doubted that Mr. Wendell Willkie would have been just as strong a supporter of the Allied cause as Roosevelt but it was thought that the re-election of Mr. Roosevelt would keep the Administration of the United States in the hands of a chief executive with an experience of international affairs which could not have been speedily acquired by another."

PROMISE OF SUPPORT

"In Britain Mr. Roosevelt's re-election was welcomed and a welcome was also extended to Mr. Willkie and others for their promise of support for the re-elected President. Such behaviour shows that this matter of democratic freedom is coming more and more into the forefront. We are fighting to preserve that democratic freedom but no one can say off hand what this democratic freedom can be."

Mr. Steed here explained how interested he had been to read in a recent article a definition of the way of life in freedom. It began with the Long Parliament in 1640 and it was well worth the sacrifices which had been made for this doctrine which had now survived. The definition quoted by the writer was: "It is a doctrine that the interest of the commonwealth is greater than that of any part or class and that no part be included in the computation of the whole and that no man is too great to be subject to the law or too small to be denied its protection."

"The passage I have quoted," said Mr. Steed, "constitutes our principal war aim. How is this war aim to be fulfilled when we and our Allies have overthrown the soul-destroying tyranny of the Dictators? Is there to be a revised League of Nations or must the breakdown of the old League of Nations be taken as a warning not to tread that path again?"

VITAL LESSON

"One of the vital lessons the British Commonwealth can teach the world is that there is no single formula for this democratic freedom. Most of the nations which were at Geneva and which were ready to accept commitments have either gone down before the totalitarian dictators or proved unwilling to honour their commitments, whereas the British Commonwealth has got together to fight for freedom and the same freedom for the world."

"What has all this got to do with the presidential election and the progress of the war?" asked Mr. Steed. "It has a good deal to do with it. The outcome of the election is a triumph which does not abdicate the right of the people to have their say in the management of world affairs. So while the bombing and nightly air raids are amazing sympathy we can look forward to better days that will come when the doctrine of freedom will have swept tyranny from the earth."

CATHOLIC NEWS & NOTES

SAINTS OF THE WEEK: HERO OF DAKAR

SEVERAL SAINTS OF EXCEPTIONAL INTEREST ARE AMONG THOSE COMMEMORATED DURING THE COMING WEEK. Tomorrow is the feast of St. Andrew Avellino, a friend of St. Charles Borromeo, the famous Archbishop of Milan. He was a lawyer before he became a priest. He was a member of the Order of Theatines and the teacher of Fr. Lorenzo Scupoli, author of "The Spiritual Combat."

On Armistice Day there is St. Martin of Tours, appropriately a soldier-saint. He had been in the Roman Imperial cavalry before he became converted to Christianity. He lived in the fourth century and was Bishop of Tours.

Another St. Martin comes on the following day. He was the first Pope of that name and was a martyr of the seventh century. Though he is little remembered now, he was one of the noblest and bravest of all the Roman Pontiffs. On Wednesday and Thursday there are two Polish saints, the young Jesuit St. Stanislaus and the martyr Bishop St. Josphat, who devoted his life to an attempt to unite the schismatic Church to the Catholic fold.

Thursday is the feast of the great Dominican Doctor of the Church, St. Albert the Great, patron of the Dominican House of Studies on Stubbs' Road, and, finally, on Saturday there are commemorated St. Gertrude, a Cistercian nun and great mystic writer and St. Edmund, who was a professor at Oxford and Canon of Salisbury Cathedral before he became Archbishop of Canterbury. He lived in the twelfth century.

HERO OF DAKAR

The central figure of the Dakar episode was a priest, Mobilised like thousands of other French priests, he became Captain G. Thierry Dargenilleu, returning to his former position of Captain in the navy. It was he who was in charge of the party of General de Gaulle's followers who tried to land. When the party was fired on as it was returning to the ship he was seriously wounded in the thigh, but he stood erect in the rear of the boat directing operations, while blood streamed over his white uniform and machine-gun bullets fell around. Many of the papers gave due credit to Captain Dargenilleu, as a priest, for his heroism, and he was called "a father of the Church turned warrior for his beloved country." It was the presence of mind of the priest that saved the

arrest of his whole party. When they had landed, they had to await a reply to the message sent to the Governor-General, and when the message came it was to say that they could not land and would be arrested if they remained. Following on this another message came ordering their arrest. Immediately on hearing this Captain Dargenilleu shouted a quick warning to his men and they leaped into the boats and got away. The leader was the first to be wounded but he stopped the boat in order to take in tow the second boat which was slower than his.

GREATER FRIEND

The Western States of the U.S.A. are celebrating this year the centenary of the beginning of the great missionary work of Fr. De Smet, S.J., called the "Marquette of the Far West."

Fr. De Smet succeeded in gaining a remarkable power with the Indians, many of whom he baptized, so much so that he was invited to accompany military expeditions in Oregon and Utah and nominated "Extraordinary Envoy" to the Indians. In this capacity he gained the friendship of many thousands whom he subsequently baptized. In the Indian camp of Sitting Bull he gained for the U.S.A. the friendship of 5,000 Indians through a speech.

HAWAIIAN MELODIES

The man who is responsible for the present popularity of Hawaiian music is an American Catholic named Harry Owens, now the leader of the Royal Hawaiian orchestra. He was educated at the Jesuit University in Los Angeles, California, and afterwards took up music. He visited the Hawaiian Islands as a tourist and found that the folk songs which were handed down there from one generation to another, written down, were dying out. He went from island to island studying the native music and transcribing it to modern orchestration.

FIRST CHURCH OF CHRIST, SCIENTIST

31 MACDONNELL ROAD

Service on Sunday.

The subject of the Lesson Sermon in all Christian Science Churches will be "Adam and Fallen Man."

The Golden Text will be: "Unto thee will I cry, O Lord my rock.... Save the people and bless thine inheritance: feed them also, and lift them up for ever." (Psalms 28: 1, 9).

Among others the following citations will be read from the Bible: "So he drove out the man, and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned every way, to keep the way of the tree of life." (Genesis 3: 24).

The following citations will also be read from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Truth is a two-edged sword, guarding and guiding. Radiant with mercy and justice, the sword of Truth gleams afar and indicates the infinite distance between Truth and error, between the material and spiritual.... Truth is the light which dispels error.... When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you'; that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal. Jesus beheld in Science the perfect man. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick." (Science and Health, Pages 538, 282, 487).

PEACE CALL FROM POPE PIUS XII

NOV. 24 AS DAY OF PRAYER.

VATICAN CITY, Oct. 28.—Colossal with the spread of the war to Greece, Pope Pius XII today launched his 26th peace appeal since the outbreak of the hostilities, calling upon the faithful all over the world to pray for "true and lasting peace."

NEW CRUSADE
The Pontiff's appeal appeared on a special "motu proprio" issued today, in which Pius proclaimed Nov. 24 as a day of extraordinary prayer. He asked that public prayers be offered throughout the world on that date for "the present needs of human society."

The Pope also asked that the new crusade of prayers be accompanied by acts of penance and spiritual improvement in each one's life.

In his appeal, Pius, who will personally recite a special mass in St. Peter's basilica on Nov. 24, revealed he would exhort the Almighty to grant the world three blessings: (1) salvation of the souls of war victims, (2) aid for war prisoners, and (3) the return of true peace throughout the world.

TRUE PEACE
"It is our intention that these sacrifices be offered to the Eternal Father in every part of the world," said the pontiff in his appeal for prayers, "for all those who died as a result of the war so that they may obtain eternal rest; for exiles and refugees, and the missing as well as all those who suffer or mourn through the calamity of the present conflict so they may have Heaven-sent comforts of grace, and that finally order be restored in justice and that peace be achieved through Christian charity and true peace and unity."

U.S. Defence Programme

Increased Taxation To Meet Cost

WASHINGTON, Nov. 8 (Reuter).—“We have just begun to re-arm,” declared Mr. Henry Morgenthau, Secretary to the Treasury, when he announced that the Treasury would ask Congress to raise the statutory debt limit by an estimated \$15,000,000,000 in order to meet the costs of the national defence programme.

Mr. Morgenthau, speaking at a press conference stated that this increase in the public debt limit would be sufficient to carry the Treasury through the fiscal year of 1942.

Asked if the increase was considered sufficient for the next four years, he replied in the negative, asserting that the United States had only just begun to re-arm.

FUTURE ISSUES

He added that the Treasury would recommend to Congress that future issues of Government securities should be taxed and he hoped that Congress would make both Federal and local government obligations taxable, though this would only apply to future issues.

Mr. Morgenthau stated that the debt increased would very likely be accompanied by increased taxes, though he did not think it possible to establish a “pay as you go” basis.

INFLATION HINT

He explained that as the defence programme gets into full swing, the question of increasing prices and possible inflation will arise, but he did not fear inflation.

After Mr. Morgenthau's statement, the stock market became strong and active. Wall Street is regarding the statement as having inflationary aspects.

MARKET PRICES SKY-ROCKET IN U.S.

BIG TURN-OVER RECORDED

NEW YORK, Nov. 8 (Reuter).—Reacting to Mr. Morgenthau's statement stocks, bonds and commodity prices yesterday sky-rocketed in one of the biggest day's trading for several months. The stock market ticker was running two minutes late at the close and recorded record gains as high as eight points. The turnover exceeded two million shares.

Steels led the upward swing which has more than overcome Wednesday's losses resulting from the re-election of President Roosevelt.

Bullishness also appeared in the Chicago grain market. Here wheat at one time soared as much as four cents in the biggest single day's rise of the year.

LONDON, Nov. 7 (Reuter).

U.S. LIBRARIES TO AID IN DEFENCE PLAN

As part of the national defence programme, a commission of leading librarians has been created to survey the emergency research facilities of 700 of the nation's chief libraries. Robert B. Downs, Director of the Libraries of New York University, has announced. Mr. Downs is acting chairman of the new group.

Organized at the request of Archibald MacLish, librarian of Congress, the new commission, officially known as the Joint Committee on Library Research Facilities for National Emergency, was formed co-operatively by the Library of Congress, the Library Service Division of the Office of Education, the Special Libraries Association, and the American Library Association. Funds were supplied by the Carnegie and American Library Associations.

NO ADEQUATE CENTRE

"No adequate centre of information about these resources existed heretofore and often librarians had but scant knowledge of the research materials in their own communities. Centralized information was particularly weak in the fields of science, technology and the practical aspects of the social sciences."

To remedy this condition the leading 200 general libraries and 500 special libraries of the nation have been asked to supply to the Library of Congress detailed descriptions of their research holdings in hundreds of widely spread fields including aeronautics, bridges, copper, fortifications, gas, hydrography, irrigation, light-houses, mineralogy, phosphates, sulphur, timber, zinc and other topics, said Mr. Downs.

In the social sciences other topics to be subjected to intensive cataloguing include the types and characteristics of war contracts, the financing of plant-expansion for defence purposes, and the major lessons of the War Industries Board.

Besides Mr. Downs the members of the committee are Mary Louise Alexander, director of the Bibliographical Planning Committee of Philadelphia; Donald E. Cable, librarian of the United States Rubber Company, at Passaic, N. J.; Luther H. Evans, director of the Legislative Reference Service of the Library of Congress, and Frank T. Sisco, editor and metallurgist of the Engineering Foundation of New York.

LONDON STOCK EXCHANGE

LONDON, Nov. 8 (Reuter).—The Stock Exchange was quieter yesterday but most sections maintained a firm front. Coppers, exceptionally, were weak following a reduction in the Rhokana dividend, but closed above the lowest.

Kaffirs were again the centre of attraction, registering substantial advances. Gilt-edged were supported late in the session while Japanese bonds strengthened and Argentinian and Brazilians were steady. Wall Street was quiet.

Plea For Making Science More Popular

SCIENCE SHOULD BE MADE UNDERSTANDABLE TO THE COMMON PEOPLE, particularly in the Philippines which is a paradise for students of natural history, Dr. James W. Chapman, executive vice president of Silliman University, Dumaguete, told the Manila Rotary Club recently at the Manila Hotel.

LANGUAGE DIFFICULTY

The common mass of people are interested in science, according to Dr. Chapman but the difficulty has been that scientists, restricted by custom, have had to report their results in a language not understood by the ordinary individual.

"Latin is the universal language of science," he said, "and when the scientists begin to throw that around, we common mortals make a dash for the dogouts like those escaping from falling bombs in the war-ridden countries today."

"We should popularise science so you, too, might have some of the fun studying the things round about you that I have had."

MUCH TO BE DISCOVERED

According to Dr. Chapman, there are many new plants, orchids, birds, shells, biological facts and phenomena yet to be discovered in the Philippines.

"Each year we have a stream of visitors from the outside coming to the Philippines in search of these hidden treasures—a rare bird, a plant, fish, butterfly or moth, as the case may be," he said. He recalled the visit here some years ago of King Leopold of the Belgians who was in search of rare species of butterflies.

Dr. Chapman, who has lived in the Philippines 22 years, studies ants as a hobby. He said ants are interesting because of their extreme activity and industry.

PHILIPPINE ANTS

"When I first began to study Philippine ants, there were about 70 known species or kinds recorded," he stated. "During the years, this has been increased to more than 500, of which 150 are new to science. My own collection has been augmented by material collected by such noted naturalists as the late Dean Baker, Dr. Banks, Richard McGregor and a host of others. When this collection is finally put in shape it will be the best of its kind in the world."

Before introducing the speaker, Rotary President Gil Puyat announced the winners in the contest sponsored by the club's fellowship committee 'early last month, consisting of filling in the last names of members on blanks carrying their nicknames. Vic Buenacampo, chairman of the fellowship committee, won first prize consisting of a book on the proceedings of the last Rotary International conference held in Havana, Cuba, while Tony Escoda won second prize, a Rotary pin.

thereof, and recommended to take out the necessary licence immediately. Sergeant McCarthy prosecuted.

ST. DUNSTAN'S DAMAGED**Latest Achievement Of Luftwaffe!**

LONDON, Nov. 8 (BWS)—The latest achievement of the German Luftwaffe in the air attack on Britain is the infliction of hardship on blind people, for it is now learned that during a recent air raid on the London area a direct hit was scored on St. Dunstan's, the world-famous institution for the care of the blind created by the late Sir Arthur Pearson during the last war.

The result of this senseless attack has been the temporary suspension of production of talking books for the blind owing to damage caused to the specially fitted studio.

TOMORROW'S SOFTBALL:

St. Joseph's Favoured To Win Against Champions If Hurler Alvares Is Absent

BY R.O.Y.

COMMENCING HALF AN HOUR EARLIER THAN USUAL, OWING TO THE SHORTENING HOURS OF DAYLIGHT, the usual programme of six matches will be staged at the Kowloon Football Club ground tomorrow. Main item on the card will be the meeting of the Recreio Aces and St. Joseph's at 1.30 p.m. when a huge crowd is expected to be on hand to witness this clash that should rival last season's bitter fracas between the Aces and the Ball Club, for whom the St. Joseph's gang was then playing.

Softball fans still remember the thrills and arguments that featured that controversial match and look forward to a repeat performance when these two contestants swing into action tomorrow.

The Ladies, though, put on the first half of the day's card, commencing with the Canadian Chinese Cardinals fixture, at 9 a.m., with Johnny Alvares, Charlie Figueredo and Al Lau calling the plays.

REIGNING CHAMPIONS

The Canuckettes are, of course, the reigning champions, and have yet to meet with defeat this season. They are not considered to be quite as strong as last year's aggregation but are still fancied to make a bold bid to retain their crown.

The Cardinals were responsible for upsetting the Wahoos earlier in the campaign and, on that performance, must be conceded a chance of taking the honours against the better balanced Canadian lassies.

WIN FOR PANTHERS?

In the second game, at 10.30 a.m., the much improved Baby Panthers should register a further victory against the weakened Chung Hwa outfit, although the latter are likely to make a fairly good showing especially if they have remedied their pitching weakness. Umpires will be Johnny Delgado, Gee Gee Lee and Dave Walker. The Little Flower Club are not expected to unduly trouble the Wildcats when they meet at noon, the former being the newest comers to competitive softball while the latter number among their players some of the most experienced players in the league. "Ski" Powlowski, Johnny Delgado and Cesare Xavier make the decisions and should have an easy time as the scores are not likely to be close enough to argue about.

THE "BIG" GAME

Then comes the "big" game between St. Joseph's and Recreio Aces which will be policed by Doc Molthen, Hans Waggoner and Ernie Heather.

The Aces are still smarting from the defeat at the hands of the Hongkong Baseballers last week and will be all out to hang on to their chance for this season's pennant which will probably become hopeless if they drop points to the Collegians. It is rumoured that they will be without their star hurler, Johnny Alvares, and if this is so, the Collegians will be odds-on favourites to take the honours.

WEAK OPPOSITION

Fans who turn out for the previous game are bound to stay for the Filipino Club-Hongkong Baseballers fracas at 2.45 p.m., as the fame of the new Club outfit has spread with their remarkable fielding performances against Recreio last week.

The Filipino boys are unlikely to offer much opposition, but it will be a treat to watch the scintillating Club stars in action; Hal Wing Lee, Stan Leonard and Caco Marques will call the game.

The nightcap, at 4 p.m., will see the Chinese Baseballers opposed to the Canadian Chinese lads. The Baseballers appear to be the better all-round squad and should chalk up a comparatively easy two points the Canucks whose only hope is that Herbie Quon may hit his top hurling form to hold the opposition. Arbiters are Doc Molthen, Chuck Waggoner and Harry Campos.

JUNIOR GAMES

Enemy 'Drome In Albania Bombed By R.A.F. Raiders

LONDON, Nov. 8 (Reuter).—The Greeks have made a small advance, though it is still in Greek territory in the region previously in Italian hands. Further south on the coastal front, the Greeks are meeting heavy pressure.

The slight withdrawal of the Greek forces announced yesterday is of a purely local character and the general situation remains satisfactory, it is authoritatively stated here.

A formation of R.A.F. bombers in Greece carried out a most successful raid on the enemy aerodrome at Valona on the Albanian coast on Wednesday, according to official information released here.

Italy Erred Militarily, Politically

LONDON, Nov. 8 (Reuter).—The Swedish newspaper Gothenburg Handels-Tidning yesterday declared: "There is a strong impression that the Italians have not only made a political mistake regarding Greece but have also miscalculated the military resistance."

"The situation is rather difficult for the Italians. It seems Albania could not hold such big contingents. Action was begun either because they had to be taken back to Italy or pushed on to more friendly Grecian pastures."

"If the present force is unable to cope with the Greeks, reinforcements must be sent from Italy. Albanian harbours are not designed for high traffic."

"The whole expedition is difficult and vulnerable. In time Italian superiority must win but the time factor is also disadvantageous for Italy."

SUEZ DEFENCES

"Only certain result seems to be that England has carefully and securely fastened on Crete."

"Italy's need to strengthen her military position in the eastern Mediterranean is unmistakable."

"The English defences of Suez are, perhaps, breakable but to break them Italy must apply her whole military strength which it seems can't be done now."

The engagement is announced of Peter Vincent son of Mr. and Mrs. V. P. Vincent and Lily Georgina daughter of Mr. and Mrs. G. M. Vincent of Shanghai.

BOSTON, MASSACHUSETTS, Nov. 8 (Reuter).—I saw a bunch of R.A.F. boys keep a very cocky German army where it belonged, the United States Ambassador to Britain, Mr. Joseph Kennedy, told reporters in explaining why he thought aircraft production was the most vital defence move.
